

CARY AREA PUBLIC LIBRARY

December 2016 • February 2017

NEW SPACES, SERVICES & PROGRAMS

Take a walk through the renovated library. The bright lobby greets you as you pass into the main area of the library. As before, you'll return items on the right side, but now through a materials handling system. The majority of items are checked in automatically and sorted into bins.

Next, visit the Marketplace for all the newest adult books, audiobooks, movies, and music. The Teen and Children's areas each have their own new materials sections as well.

In the building corners, our new study rooms, collaboration room, and conference room will be available after the first of the year, so please watch the website for details.

Head over to our hands-on program space, the Flex Zone, previously the storytime room. You'll see that many programs will be held here, and it will be open some mornings for early literacy play.

Once you're ready to go, head to the self checkout machines, which are quick, easy, and private. If you enjoy human interaction, visit our Service Center for checking out and your questions of all types.

The convenient drive-up return/pick-up is on the east side of the building, and two slots allow for tall and short vehicles to drop off items easily.

For those who visit us virtually, our website will also be getting a facelift in early December. It will include staff recommendations of materials.

For the best experience, come in and see the changes for yourself. We'd love for you to join us for our Grand Reopening (see page 4).

MEET JEAN ▼

Jean has been working at the Library since March 2015 but has recently started as the Library's Business Liaison, a new position. This will encompass making sure that local businesses are aware of the resources and materials we have, plus help people who are looking for jobs. One of her favorite resources is Learning Express, an online resource that covers a broad range of topics from improving computer skills and resumé writing to practicing entrance exams (GRE, ACT, etc.) and preparing for the GED or citizenship exams. After fifteen years as a business owner, she's excited to be working with local businesses and job seekers to make the most of library resources. In her free time, she belongs to a neighborhood book club, loves quilting and volunteers with a high school foreign exchange program. She's happy to recommend any books or materials related to those subjects and eager to hear what business and career resources you'd like at the Library.

GRAND REOPENING EVENTS
