March - May 2018 • Books & Bytes

NEW ONLINE CATALOG COMING IN APRIL

During the week of April 16, the Library (and the consortium we belong to) will be transitioning to a new online catalog. You'll see a new look as you search for library materials, and will be introduced to new features

What to Expect

- ▶ Items returned from April 14-April 17 will not be checked in. Due dates will automatically be extended. We encourage you to keep the materials until we are live on the new system.
- ▶ Make sure to bring your library card with you to the library. We may not be able to look up your account to check out materials to you without your card.
- ▶ Results in the catalog may not be up-to-date. Please call us to confirm that an item is on the shelf.
- ▶ Cardholders will be unable to log into the catalog so holds will not be able to be placed.
- ▶ Your library PIN or password will transfer over to the new system in all CAPS. For example, if your PIN is currently mypin1, it will become MYPIN1.
- ▶ Your reading history and lists will not be transferred. Ask staff for assistance in printing your reading history and/or lists if you would like.

New Catalog Features

Seamlessly use the catalog on your phone, tablet, or computer.

Create an easy to remember username to login.

Select your notice preference, including email, text, or automated calls.

Renew material automatically. 3 days before your items are due, the system will automatically try to renew your materials. If you have an email listed in your account, you'll be notified of the new due date or a reminder if the items cannot be renewed.

Choose your pickup location: inside the Library or at our drive-up window.

CONDOLENCES

The staff and board would like to extend our condolences to the family and friends of Thomas C. Decker. In the 1990s, he generously donated the current building and the land on which the Library is situated to the residents of the Library District. His name adorns the building and his portrait hangs near the inside return slots. He passed away in November at the age of 91.

LATEST LIBRARY OF THINGS ADDITIONS.....

We've added more items to our non-traditional circulating collection:

- ▶ Two pairs of Virtual Reality glasses to be used with your smartphone
- ▶ Woodburning and Soldering Iron Kit that includes various tips
- ▶ Three more STEM kits: Robotikits set, an Inventor Engino 50-in-1 set, and an OWI-536 All Terrain Robot kit
